

SANRAD To Participate in Engenio Alliance Partner Showcase

To highlight Open IP SAN interoperability with Engenio's modular storage systems

SAN FRANCISCO – January 9, 2006 – SANRAD Incorporated, a leader in developing and delivering intelligent iSCSI SAN solutions, today announced its participation in the 2006 Engenio Alliance Partner Showcase in the Omni Hotel at CNN Center in Atlanta January 17, where it will demonstrate a best-practices approach to implementing highly reliable IP SANs with no single point of failure for mission-critical application servers.

SANRAD is an Engenio Compatibility Certified partner, with its iSCSI V-Switch tested for interoperability with Engenio's innovative, high-performance and highly scalable modular storage systems for the open enterprise.

SANRAD believes in developing iSCSI storage solutions that deliver a full complement of enterprise applications, such as open storage pooling, virtualization, local and long distance data replication and disaster recovery services. In addition to delivering interoperable solutions with Engenio, SANRAD's V-Switch is also compatible with solutions from Brocade, HP, IBM, Microsoft and others.

About SANRAD - A leader in Open IP SAN Technology

SANRAD is the leading iSCSI SAN provider, delivering intelligence at the network layer, empowering hundreds of organizations worldwide to effectively access, share and manage storage across standard Ethernet environments. SANRAD delivers a new dimension in the continuity and simple management of vital business information by coupling standard IP connectivity with critical network-based storage services. SANRAD is the only iSCSI SAN company to create open IP-based SANs that enable continuous data protection, virtualization, local and long distance replication and effective resource provisioning with unbeatable price/performance. SANRAD's U.S. sales, marketing and support offices are located in Silicon Valley/Bay Area, Calif., with research and development and international sales offices in Tel Aviv, Israel. SANRAD is backed by leading venture capital firm Sequoia Capital and is a member of the RAD Group, a family of more than 20 independent companies that together make up one of the largest multi-national revenue producers in networking.
